A. Introduction

The following data provides a summary of positions, vacancies and casual employees within the Government of the Northwest Territories' (GNWT) Public Service as at September 30, 2001. The data is summarized two ways:

- First, a summary of positions, vacancies and casual employees for four Public Service sectors, by six geographic areas. The four public service sectors are: GNWT Departments, Aurora College and Divisional Education Councils, Health and Social Services Boards, and Other Agencies. The six geographic areas are: the Major Centres, South Slave Communities, North Slave Communities,
  Deh Cho Communities, Sahtu Communities and Beaufort-Delta Communities.

- Second, a summary of positions, vacancies and casual employees by communities. The communities within each geographic area, listed above, are as follows:

Major Centres	South Slave	North Slave
Fort Simpson	Enterprise	Detah
Fort Smith	Fort Resolution	Rae/Edzo
Hay River	Lutsel K'e	Rae Lakes
Inuvik		Wekweti
Yellowknife		Wha Ti

Deh Cho	Sahtu	Beaufort-Delta
Fort Liard	Colville Lake	Aklavik
Fort Providence	Deline	Fort McPherson
Hay River Reserve	Fort Good Hope	Holman
Jean Marie River	Norman Wells	Paulatuk
Kakisa	Tulita	Sachs Harbour
Nahanni Butte		Tsiigehtchic
Trout Lake		Tuktoyaktuk
Wrigley		

When interpreting and using the data, readers must be aware of the following limitations:

1. The data is a summary of the positions, vacancies and casuals at a specific point in time, September 30, 2001. The majority of this data is obtained from our Human Resource Management System. Data for the three Health Boards not on the Human Resource Management System is obtained from the Department of Health and Social Services. These include the Dogrib Community Services Board, the Inuvik Regional Health and Social Services Board and the Yellowknife Health and Social Services Board. Data is collected directly from the NWT Workers' Compensation Board, which is also not on the Human Resource Management System.

2. The data does not reconcile to the position and casual information published in the Main Estimates. The Main Estimates provide approximate requirements over the course of the year while the Geographic Tracking data is a snapshot of GNWT positions and casuals at one point in time. Also, the Main Estimates do not include the NWT Workers' Compensation Board and Aurora College.

3. The data does not include information from the following organizations: the Deninu Community Health and Social Services Board, the Hay River Community Health Board, the Lutsel K'e Dene Band, and the two District Education Authorities located in Yellowknife. These organizations are not part of the NWT Public Service. Also, the Northwest Territories Power Corporation is not included in the Main Estimates and has its own recording and reporting systems so is not included in this report.

4. Active positions are not all full time equivalents. The data includes indeterminate full-time, term, part-time and seasonal positions.

5. The data does not report on casual employees for the District Education Councils because their casual employees are paid locally and are not recorded on the Human Resource Management System.

6. Some organizations, such as Justice and the Stanton Regional Health Board, report casuals on an "as and when" required basis. These casuals may not all be actually working on a given day but are reported as employees. This may give these organizations the appearance of having a larger number of casuals than those organizations that report casuals only when they are active.
